► NOTABLE ACHIEVEMENT DURING COLLEGE DAYS

During our college days, we have achieved lots of knowledges and experiences. These are as- Academic excellence : We navigated through challenging courses, late-night study sessions, and countless exams, emerging with the knowledge and skills that will shape our futures. Innovative Projects : Our creativity and critical thinking brought ideas to life, whether through research, startups, or groundbreaking projects that addressed real-world problems. Community Impact : We went beyond the classroom, engaging in community service, and making a positive impact on society. Networking and Collaboration : We built a strong network, working together on group projects, forming lasting friendships, and connecting with professionals in our fields. Resilience and Growth : We faced challenges head-on, from adapting to new learning environments to balancing multiple responsibilities, and grew stronger with each hurdle.

► SUGGESTION FOR FUTURE DEVELOPMENT OF THB COLLEGE

I have observed that there was lots of problems in our college. And during with time, most problems has been solved. So , there will be my only suggestion that is to keep growing as it is going, even we should take more advance steps for the best.
