

Feedback Analysis and Recommendations
Academic Year- 2014-2015

The IQAC Cell of T.H.B. College collected student's feedback to assess and evaluate overall development, the initiative, management, courses through a pre design questionnaire for the academic session of 2014-15. On the basis of students' feedback following observation has been made.

1. The report shows that the effective communicative skills of the teachers across different faculties are commendable. However, there lies some scope for certain teachers to work on this front.
2. Students are found to be satisfied with the fruitful utilisation of ICT tools along with presentational skills of the teachers. Besides, most of the teachers of this institution involve in the process of culmination of human resource through their high motivation and enthusiasm. But a few teachers are yet to be advanced.
3. In regards to sincerity, punctuality and commitment of teachers and completion of syllabus are found quite praiseworthy. Within the tentative period of time entire course is completed.
4. It is reported that the students-teachers relation is quite applauding. The friendly and approachable attitudes of teachers paved the way for nurturing a formidable academic atmosphere in the premise.

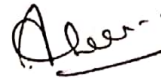

Suggestions / Recommendations

On the basis of the students grievances, following redresses have been made for enhancing and accelerating the tempo of the college.

1. It is recommended to initiate to art paper presentation and projects to the honours students through thought provoking lectures and talks.
2. To have student oriented carrier counselling sessions.
3. The entire procedure of teaching and learning became more effective and enjoyable by holding inter departmental quiz competition and extempore speech on syllabus related topics.

Feedback Analysis and Recommendations
Academic Year- 2015-2016

An assessment was conducted on the basis of student's feedback on teaching managements through pre design questionnaire. On the basis of students feedbacks following conclusions are made.

1. The teaching learning process is found very satisfactory.
2. The presentational skills of the teachers highly satisfied the students. In terms of interest generation teachers are highly exceptional.
3. In terms of punctuality and syllabus completion maximum teachers completed their syllabus on or before the stipulated period of time.
4. The dedication and involvement of teachers are highly applauded by the students. The approaches of the teachers are quite admirable and positive.

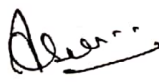

Suggestions and Recommendations

On the basis of above stated grievances following measures have been adopted for amicable solution of the issues:-

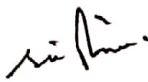

- (i) Suggestions have been made for mentoring students in order to discuss their personal problems and in connection with this it is recommended to organize frequent mentoring session.
- (ii) Field visit and excursions are another one criteria in which effective steps are to be taken for generation and involvement of students.
- (iii) To uplift the teaching-learning process in the institution an appeal is made to introduce LCD projectors in the classrooms which contribute significantly in the teaching learning process.
- (iv) In order to germinate sporting spirit and to enhance the sense of brotherhood an Inter-College Volleyball Competition is proposed to be organised in the college.

Feedback Analysis and Recommendations
Academic Year- 2016-2017

A critical analysis was made on the basis of students' feedbacks for the session of 2016-2017.

As per the assessment following observations have been concluded:-

1. The assessment shows that students were accomplished with the communicative skills of teachers but a few teachers were unable to generate interest in the class due to lack of appropriate communicative skills and qualities.
2. The teachers provide ample motivation as well as facilities to the students to develop presentational skills for greater interest.
3. By virtue of the sincerity and punctuality of the course curriculum always completed on or before the stipulated times.
4. The friendly exposure of the teachers display an approachable and friendly environment.

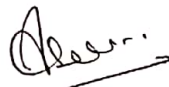

Suggestions / Recommendations

In connection with these grievances following measures have been endorsed to mitigate the issues.

- (i) Value based cum knowledge oriented learning is encouraged.
- (ii) Power point presentation, group discussions to be arranged for the major students for culminating knowledge.
- (iii) Recommendations offer to organise inter-college seminars among the students.
- (iv) To inculcate a suitable atmosphere for learning opportunities are to be given to the students to raise their queries on respective subjects.

Feedback Analysis and Recommendations
Academic Year- 2017-2018

A comprehensive and elaborate Assessment is concluded on the basis of students feedback for the academic session of 2017-2018 whereas following observations have been pointed out:-

- (1) Students of the college are mostly hail from rural and interior areas and belong to financially weak families. They show reluctance in terms of buying academic texts and references.
- (2) A separate and well equipped Girls' Common room is a vital need of the premier institution. It seems largely impossible for the girls' to spare leisure time in the college.
- (3) It was reflected in the analysis that the condition of the college canteen was below its merit in terms of food staff and price.
- (4) It is found that students of the college are found very tough to carry out their practical classes on account of poor laboratory facilities avail in the college.
- (5) It is reported that to strengthen the core values of the institution and to expedite the process of teaching and learning noteworthy steps are to be taken.

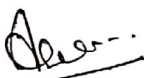

Suggestions / Recommendations:

To mitigate and to resolve above mentioned grievances some measures have been followed up for the session of 2017-2018:-

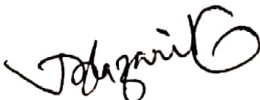

- (i) To procure valuable books for those students who hail from poor economic background.
- (ii) To construct an updated and modern Girls' Common Room for stimulating greater benefits.
- (iii) To initiate a separate and renovated college canteen for the teaching and non teaching staff and for the students.
- (iv) It is suggested to upgrade and renovate existing college laboratory of the college for thriving the teaching learning process.
- (v) Guardians are treated to be the third arch of teaching learning process. To accelerate and to enhance the core value of the institution, it is proposed to organise parent-teacher meet in the college.
